My Little Mission

Kids! Are you a responsible child who can take care of yourself? Try to achieve the following missions on you own!

Children can colour the flower after completion of their daily mission. Parents can "light up" the star by colouring to show appreciation to the kids.

The Little Mission

The picture book "When the Flower Blossoms" is published by the ICAC. Through the story of a little girl learning how to take care of a potted plant, children can understand the importance of responsibility, learn to be thankful and know how to express love and care to others.

Parents and children are welcome to visit the ICAC's website to read this story and other wonderful picture books.
